

Why Should WV Child Care Professionals Consider Infant Mental Health Endorsement?

Myth: Endorsement is only for those who have lots of degrees and experience.

FACT: Neuroscience tells us that the first three years of life are critical to lifelong health and well-being, making the role and responsibilities of home visiting professionals incredibly important to family and community success. The IMH Endorsement® recognizes professionals who work with or on behalf of infants, toddlers, and their families. It's the largest and most recognized IMH credentialing system in the United States, and it's available to you here in West Virginia! Anyone in the early childhood field can work toward earning Endorsement, including directors, supervisors, child care professionals, and service coordinators.

Why should I pursue Endorsement?

Good for You: Earning IMH-E® enhances your credibility and confidence in working with or on behalf of infants, toddlers, and their families. You'll gain recognition and belong to a cross-systems, multi-disciplinary network of Endorsed professionals in WV.

Good for Babies and Families: Infants, toddlers, and families receive culturally sensitive, relationship-based early childhood services provided by a workforce that demonstrates a common set of core competencies.

Good for Communities: IMH-E® provides assurance to families that early childhood professionals meet high standards of care and are prepared to support optimal development of infants, young children, and their families.

Good for Programs: IMH-E® professionalizes the early childhood field and ensures consistency of professional standards across programs, no matter the curriculum, location, or services.

The IMH Competencies® naturally align with Early Childhood work

IMH-Endorsement® supports the belief that positive social-emotional development is foundational to other learning, and that healthy development happens within the context of nurturing relationships and environments.

IMH competencies® provide a professional development "road map" for acquiring the knowledge and skills needed to attend to the often complex nature of early social and emotional development and parent-child relationships.

Financial assistance is available for Endorsement. Local Child Care Resource and Referral agencies have funds available to provide financial assistance for those seeking Endorsement within the Early Childhood field.
