PiCO

Partners in Community Outreach is a coalition of home visiting programs throughout West Virginia. Our mission is to support and build the capacity and influence of evidence-based In-Home Family Education, which in turn improves the health and well-being of our young children and their families.

Partner Updates

Look here for information on opportunities and updates specifically for Partners

Our Training and Technical Assistance Stipends will support the foundational training for 4 new hires (enabling programs to serve an additional 45-50+ families!) as well as new car seat technicians. Other staff will be able to attend Celebrating Connections, and still more will go to PAT National Conference! We're excited for all of our awesome, well deserving Partners.

Upcoming events

April 5 from 10am to 11am, join us on zoom for our first virtual open office hours! Hop on or off at your leisure, ask questions, share ideas, or just listen in. This will be reoccurring on the first Friday of every month. Check your email for the zoom link!

Resource Highlight
